

نموذج  
توصيف المقرر دراسي  
بناء على المعايير الأكاديمية المبنية على الكفايات

ابريل ٢٠١٧

جامعة: بنها  
كلية: التمريض  
القسم: أمراض النساء والتمريض بكلية طب بنها  
تاريخ اعتماد التوصيف: ٢٠٢٣/٩/١٤

١ - بيانات المقرر

الفرقة / المستوى	اسم المقرر :	الرمز الكودي : MED 311
Third year, first & second semester	Obstetrics and Gynecological medicine	التخصص: Bachelor Degree in Nursing Science
عذد الساعات الدراسية :		
Theory: (2) hours ×15 weeks Practice: (-)		

2 - Aim of the course:

The course aims to provide undergraduate students with the knowledge, skills and basic principles of obstetrics and gynecological medicine regarding fetal growth, normal and abnormal pregnancy, stages of labor, post-partum and management of common obstetrics and gynecological diseases.

### 3-Course specification based on competency:

#### Domain No. 1 Professional and ethical practice

Competency	Key elements	Course Subjects	Subjects Objectives	Teaching Methods	Media used	Assessment Methods
1-1- <b>Demonstrate knowledge, understanding, responsibility and accountability of the legal obligations for ethical nursing practice.</b>	1.1.4 Conduct responsibility and accountability for care within the scope of professional and practical level of competence.	•Anatomy and physiology of female genital tract	1.1.4.1 Describe the anatomy and physiology of female genital tract	<ul style="list-style-type: none"> <li>• Video based learning</li> <li>• Electronic Learning</li> </ul>	Power point Presentation	Oral examination Written examination
		<ul style="list-style-type: none"> <li>•Bleeding in early pregnancy</li> <li>•Bleeding in late pregnancy</li> </ul>	1.1.4.2 Discuss responsibility and accountability in management of bleeding in early and late pregnancy.	<ul style="list-style-type: none"> <li>• Electronic Learning</li> <li>• Social media based learning</li> <li>• Educational Video</li> </ul>	Power point Presentation	Oral examination Written examination
		•Normal menstruation	1.1.4.3 Explain basic physiology of menstruation.	<ul style="list-style-type: none"> <li>• Educational Video</li> <li>• Advanced</li> </ul>	Power point Presentation	Oral examination Written examination

**Domain No. 2 Holistic patients/clients care**

Competency	Key elements	Course Subjects	Course objectives	Teaching Methods	Media used	Assessment Methods
<b>۲-۱- Provide holistic and evidence-based nursing care in different practice settings.</b>	<b>2.1.2 Conduct holistic nursing care that addresses patients/clients, families and communities needs and problems across life span.</b>	•Normal pregnancy.	2.1.2.1 Explain holistic women – centered care for pregnancy care.	<ul style="list-style-type: none"> <li>• Educational Video</li> <li>• Social media based learning</li> <li>• Advanced mobile device</li> </ul>	Power point Presentation	Oral examination Written examination
		•Normal labor	2.1.2.2 Describe holistic care for management of women in labour unit.	<ul style="list-style-type: none"> <li>• Educational Video</li> <li>• Advanced mobile device</li> </ul>	Power point Presentation	Oral examination Written examination
		•Normal abnormal puerperium and	2.1.2.3 Mention postpartum holistic care.	<ul style="list-style-type: none"> <li>• Video based learning</li> <li>• Electronic Learning</li> </ul>	Power point Presentation	Oral examination Written examination

**DOMAIN NO. 3 Managing people, work environment and quality**

Competency	Key elements	Course Subjects	Subjects objective	Teaching Methods	Media used	Assessment Methods
<b>٣-١- Demonstrate effective managerial and leadership skills in the provision of quality nursing care.</b>	<b>3.1.2 Design and implement change contributing the improvement of health care provision.</b>	• Infertility	3.1.2.1 Formulate and implement different protocols of care in caring of women during infertility.	<ul style="list-style-type: none"> <li>• Video based learning</li> <li>• Electronic Learning</li> </ul>	Power point Presentation	Oral examination Written examination
		• Diagnosis of pregnancy	3.1.2.2 Evaluate fetus growth during pregnancy by examination and electronic fetal monitoring.	<ul style="list-style-type: none"> <li>• Video based learning</li> <li>• Electronic Learning</li> <li>• Advanced Mobile device</li> </ul>	Power point Presentation	Oral examination Written examination
		• Complications of the third stage of labor.	3.1.2.3 Illustrate new trends for providing optimal women care during abnormal labour.	<ul style="list-style-type: none"> <li>• Electronic Learning</li> <li>• Social media based learning</li> <li>• Educational Video</li> </ul>	Power point Presentation	Oral examination Written examination

DOMAIN NO.: 4 Informatics and technology

Competency	Key elements	Course Subjects	Subjects objectives	Teaching Methods	Media used	Assessment Methods
٤-١- Utilize information and technology to underpin health care delivery, communicate, manage knowledge and support decision making for patient care.	4.1.1 Utilize different sources of data related to advanced standards of practice and patient care.	• Complications of third stage of labor.	4.1.1.1 - Enumerate complications of third stage of labor	<ul style="list-style-type: none"> <li>• Video based learning</li> <li>• Electronic Learning</li> </ul>	Power point Presentation	Oral examination Written examination
	4.1.2 Employ technology and information management systems to support safe care and evaluate their impact on patient outcomes.	• Normal labor	4.1.2.1 Use technologies information for providing care in labor unit.	<ul style="list-style-type: none"> <li>• Electronic Learning</li> <li>• Social media based learning</li> <li>• Educational Video</li> </ul>	Power point Presentation	Oral examination Written examination
	4.1.4. Conduct information management technologies for providing the holistic patient care in different health care settings.	• Abnormal uterine bleeding	4.1.4.2 Discuss pre and post-operative care based on technology for women with various gynecological	<ul style="list-style-type: none"> <li>• Educational Video</li> <li>• Advanced mobile device</li> </ul>	Power point Presentation	Oral examination Written examination

Competency	Key elements	Course Subjects	Subjects objectives	Teaching Methods	Media used	Assessment Methods
			operations.			
		• Contraception	4.1.2.3 Explain systematic assessment skills for contraception counseling.	<ul style="list-style-type: none"> <li>• Video based learning</li> <li>• Electronic Learning</li> </ul>	Power point Presentation	Oral examination Written examination
		• Toxemia of pregnancy	4.1.4.1 Differentiate between management of preeclampsia and eclampsia (toxemia of pregnancy)	<ul style="list-style-type: none"> <li>• Video based learning</li> <li>• Electronic Learning</li> <li>• Advanced mobile device</li> </ul>	Power point Presentation	Oral examination Written examination
		• Diabetes with pregnancy	4.1.4.1 Distinguish between management of different type of diabetes with pregnancy	<ul style="list-style-type: none"> <li>• Electronic Learning</li> <li>• Social media based learning</li> <li>• Educational Video</li> </ul>	Power point Presentation	Oral examination Written examination

<ul style="list-style-type: none"> <li>• Anatomy and physiology of female genital tract</li> <li>• Normal menstruation</li> <li>• Normal pregnancy</li> <li>• Diagnosis of pregnancy</li> <li>• Bleeding in early pregnancy</li> <li>• Bleeding in late pregnancy</li> <li>• Toxemia of pregnancy</li> <li>• Diabetes with pregnancy</li> <li>• Normal labor</li> <li>• Complications of the third stage of labor</li> <li>• Normal and abnormal puerperium.</li> <li>• Infertility</li> <li>• Contraception</li> </ul>	<p><b>4- محتوى المقرر:</b> <b>Course Content</b></p>
<ul style="list-style-type: none"> <li>• Video based learning</li> <li>• Electronic learning</li> <li>• Social media based learning</li> <li>• Educational video</li> <li>• Advanced mobile devices</li> <li>• <a href="https://e-learning.bu.edu.eg">https://e-learning.bu.edu.eg</a></li> </ul>	<p><b>5 - أساليب التعليم والتعلم:</b> <b>Teaching and Learning Methods</b></p>
